**Frequently asked questions**

**No Corporate fares found?**

Corporate fares are available in the country that your company is registered to in the Finnair Corporate Programme. If your company is multinational, you can register to the programme in each country at finnair.com/businesstravel to get the correct fares and discounts from all countries.

On routes to Japan and North America, we are currently not able to show the fare as “Corporate”. However, the discount is still applied correctly to those booking classes defined in your Finnair Corporate Programme agreement of your country.

**Payments:**

You can use all the same payment methods that are accepted on Finnair.com. Payment methods vary between the country where the travel starts. Our website does not support payments with the so-called travel account.

All items (flights, travel extras) must be paid with same payment method at the same time. Travel extras can be added to the booking afterwards with a different form of payment via "manage booking" or Finnair app.
